March 22, 2021

Dear Notre Dame Families,

Notre Dame School has been made aware by Northern Health **late today** that students and staff at **Notre Dame** may have been in contact with a lab-confirmed case of COVID-19 on **March 8th & 9th, 2021**. During spring break Northern Health will not be composing exposure letters, however this exposure was posted on the Northern Health exposures website today.

In these circumstances, the safety plans were followed precisely - and because of this, the risk of additional cases is very low.

Please be reassured that our schools will continue to implement the strict protocols and procedures we have in place so that children can continue to attend school as safely as possible.

Northern Health has asked that students and staff monitor for symptoms until **March 23rd, 2021 midnight** (which is 14 days from the last date of possible contact with the confirmed case). The safety and well-being of our students, families, and staff remains our highest priority.

For any COVID-19 related questions, please contact the Northern Health Online Clinic at 1-844-645-7811.

Sincerely,

Colleen Richard
Principal, Notre Dame School
